Dear Judge Rice,

Hello, It's Justin Woods. I'm writing to you for several reasons, which I'll go in order from least important to most important. I'm facing charges in Miami County, which will be or are already dropped. I won't discuss any details because I'm not sure if the cases were dismissed yet or not but my girlfriend (whom I love & adore beyond words) has written you I believe is the one who actually put the charges on me) has seen the situation for what it actually was and your honor I was set smooth up. Her Babir's Father did a few things that made it really seem like I was a danger to Jenna (my girlfriend) and her

Baby. your honor, I would ~~literally~~
cut my own hands off before I'd
hurt a woman or child but he
manipulated her and I am an
innocent victim of his tricks. I'll
admit I took my time turning
myself in but I had to prove to
Jenna that it wasn't me doing these
things. once I was apprehended I
was at my address "where I was supposed
to be and I didn't resist, the marshals
knocked the door in because my roommate
didn't have any clothes on and I had
just woke up to the door being
broken down. I apologized to the marshals
as well as my roommate, Mr. Dean is clearly
upset with me because I did not
communicate with him but he didn't
want to hear anything from me but
to turn myself into miami county

NOW MR. RICE I have nothing bad
 To say about MR. Dean. That man saved
 my life last year. I got hooked on
 Tectynal Real bad and my life, and
 marriage fell apart, I was headed to my
 grave. MR. Dean Threw me a life line and
 asked me to do inpatient at a rehab hospital
 which I did and have been clean off of
 Tectynal for 17 months NOW. Last year at the
 end of summer my older Brother Donni Van
 Sampson (Donnie) was murdered. MR. RICE, your
 honor this Tragic incident hit not only my
 mother, my sister-in-law Sillian (Donnie's wife) and
 his 4 year old Twins addicarian and Aurora very
 hard, but all my other Brothers as well as
 my Uncle's & Nephews who loved their Uncle
 "Donnie" so very much. It also crushed me
 I had to (in my heart) Remain strong for our
 Family so I didn't grieve or even address
 his Death Properly I just Pushed Forward

The Best way I could, I Threw
 myself into work (I was working two
 jobs at the time) I was still living
 with my ex-wife helping with the bills
 and kids, in a volatile situation to say
 the least I held on until I couldn't and
 the situation broke down and I had
 to leave, I met E was talking to Janna at
 this time (around New Years 2024) and Kimber
 (my ex wife) found out. She put a CPO against
 me, which made state Parole Act and
 put me in the Montgomery county Jail until
 they could figure it out. She accused me
 of some disgusting things, such as abuse
 and neglect and I was proven innocent
 around that time your honor I was barely
 living in my Brothers shed in the middle of
 winter. I relaxed on meth it all got to
 just be a lot and I slipped. All this what
 I am telling you is in Mr. Dean's Report

BJ

"The Violation Report," again Mr. Dorn
 allowed me a chance to turn it around
 which I did. I got hired on with the
 Iron Workers union Local 290 which is
 the best move I've made thus far with my
 life, I also started pulling my life back
 together with Jenna's (my girlfriend) and
 a handful of other great people including
 Mr. Dorn. I remained drug free was
 working 12 to 18 hour days and as well
 as attempting to build a new productive
 happy, & beautiful life with my sweet
 Jenna and her precious little 2 year old
 Vivian who calls me her Papa, I love
 them both unconditionally. They have
 my heart wrapped around both of their
 fingers your honor. I helped with half
 of everything, bills, baby sitting, potty training
 which is no easy feat for anyone but

I got Vivian using her potty like The Big smart girl she is. I smile Thinking about Those happy times in which Death Drugs & misdiagnosed mental illness robbed me of. My mother had a massive heart attack Two days before mother's day this year and was placed on life support I as well as two of my Brothers had to make a choice To let her Live hooked up to machines or to let her go be with the good lord, my mom made me promise her the first go found with cancer that she didnt want to be left on machines and as hard as it was I Again had to be strong for my entire Family and allow them to ~~un~~unplugg my sweet old mother in my heart she had suffered enough. In closing RN just thinking of The overwhelming loss to my Family losing This Great Woman. The Knowledge and Wisdom & love This lady possessed was astounding. I

This man a helping hand in securing
for not only his son but Vivian's as
well. I don't know if you recall but
my ex wife Amber's father called
in during my sentencing and spoke on
my behalf (unknowing to me) because
of similar situations. In a child or
abandonment, Abuse, Neglect, and no parents
growing up so I wanted Vivian to have
her father be in her life, I never contemplated
on this kid to maliciously plot against me
and completely blind side me, I mean I
went from one day me and Jenna are golden
to the next I'm blocked on her phone, she
refusing to talk to me and then calls
from Miami County PD. calling me trying
to get me to tell them info on an incident
I was accused of but didn't do.
I won't go any further with this story
because I haven't been wronged on

wasn't so strong being my mom's ^{Best}
 youngest child "her Baby" she called
 me even in my 30's which I hated but
 would give anything to hear her say one
 more time I lost my way Judge I said
 I started using meth and drinking Daily and
 went into a really Dark lonely place, in
 which I pushed everyone away from me, I
 was self-sabotaging my life, career, and
 relationship with the love of my life. eventu-
 ally me & Jenna agreed to separate until
 I sought out Drug, Alcohol, and mental health
 treatment. which I did with Clean State
 Recovery I was properly diagnosed with
 BPD (Borderline Personality Disorder) not
 Bi-Polar and was making leaps & bounds
 in my come back story until Kaden
 Stambaugh slithered his way into the
 picture. He set me up for failure
 when all I was trying to do was give

89
 The charges ~~btt~~ charges are being dropped
 I just need somebody's help (yours ~~help~~
 fully) to have Miami county come along
 me in court so I can have these
 absolute false charges dropped and
 hopefully that will also do away with
 this violation mess. Your honor I'm
 two months away from completing
 state parole I was scheduled for
 discharge in November, I'm supposed
 to be off of probation with you next
 November 2025, my career is on the
 line my freedom is on the line
 my life I feel is on the line Please
 help me Judge Rice, Please give me
 a fighting chance I will daily put in
 the ground work I just want to
 do I can work, stay sober, complete
 probation/parole, love, protect, and care
 for my family (vivian & brand) and continue

to Build and create the LHC that
I want? can be proud of, and where
other people coming home from prison
can look at and see that it can
be done with enough hard work,
perseverance, and understanding. I sincerely
appreciate you, MR. Deen, and anyone involved
in giving men like me a chance to make
it, not just push people through the
system. I recognize the level of
professionalism and care your entire
court has shown me, no matter which
way this situation I've found myself in
goes. Thank you sincerely your
honor. you ~~and~~ MR. Deen have touched
my life in such a positive way
god bless and Good bye

Sincerely,

Justin Charles Woods
